

ACCELERATE

A STRATEGIC PLANNING AND RESULTS MANAGEMENT SYSTEM FOR ORGANIZATIONS

ORGANIZATIONAL GROWTH AND PERFORMANCE

- ✍ Do you possess the strategic thinking skills, rigor and discipline when it comes to planning and execution for your organization?
- ✍ Does your organization have a growth strategy?
- ✍ Does *running* your business get in the way of *building* your business?
- ✍ Does your business deliver inconsistently on top and bottom line performance year in and year out?
- ✍ Are you susceptible to flavor-of-the-month management and multiple changes in direction?

FOR BUSINESS OWNERS, EXECUTIVES, LEADERS AND MANAGERS OR ANYONE RESPONSIBLE FOR BUILDING ORGANIZATIONS.

THE SOLUTION

The Accelerate System is a customized strategic planning and results management process designed to direct, drive and enhance organizational performance. Within our multi-phase process, we provide:

- ✍ A step-by-step process, roadmap, and on-going consultation to make critical strategy choices, align cultural tenets, and implement tactical planning to **unlock new growth**.
- ✍ A comprehensive performance development system to establish accountabilities to results-driven activities, behaviors, coaching, training and recognition to **drive the organization's strategic plan forward**.

"Prior to hiring CircleMakers, my biggest fear was that a 'consultant' would cost us a great deal of money with little return. It couldn't have been further from the truth. Not only was CircleMakers quickly immersed into the details of our business, but they helped us *develop the right growth strategy and then implemented their system to manage the on-going execution* - which is where we struggled the most."
